

50th Anniversary Year
1926-1976

Welcome to the World of Tyco.

This year is our fiftieth anniversary. That's a good time to share with you some thoughts about our products, our people and what we try to do for our customers.

We are dedicated to building the very best products that can be offered to you. To us, that means our trains and racing sets must be fun to play with, satisfying to grow with and as durable and defect-free as we can make them.

Fifty years of business history, continuous growth and sales leadership in HO scale electrics are all strong indications that we meet these objectives.

Today, there are tens of millions of American families that own and enjoy Tyco products. Millions more are joining this group every year.

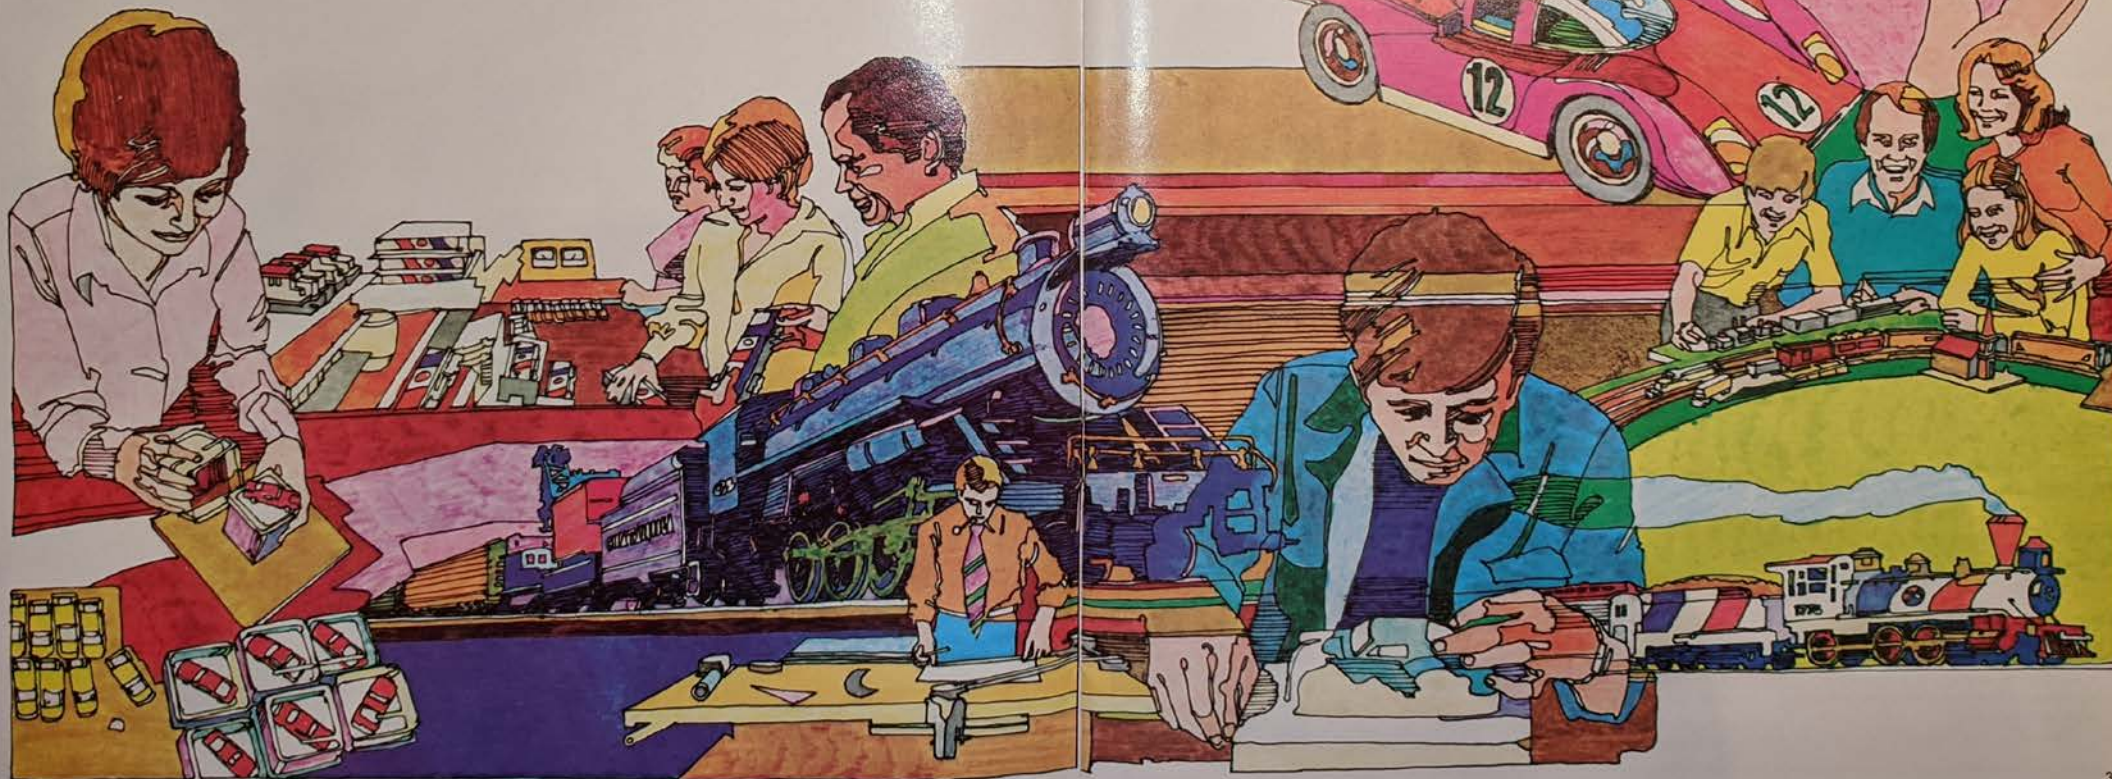

And while we became a part of Consolidated Foods Corporation just five years ago, we feel very much at home with an organization whose motto is *Responsive to Consumer Needs*.

Because the word *responsive* describes the attitude of our people. The people who built the World of Tyco. The people who continue to make it run.

And being responsive assures other words: Like quality. And value. And these too are words that can only be brought to life by dedicated people.

So welcome to the World of Tyco.

It's a mighty big world now. But we take our work just as seriously as we did when John Tyler built our first product in a small garage in New Jersey fifty years ago.

LAYOUT EXPANDER SYSTEM

With Tyco's Layout Expander System you can build this exciting Railroad Empire in 4' x 8' of space—and you can do it in easy stages—Each component is available individually. Every component is performance matched to the layout.—The more you add—the more fun you have. With the complete Layout Expander System, you can operate up to four trains. (You can control two trains at a time independently, and you can switch any of the four trains among any of the three mainline tracks. You have remote control switching, blocking and uncoupling—unload freight—logs, ore, crates, pipe by remote control.—Even a piggyback trailer. The easiest way to start your Railroad Empire is with the Track Layout Expander (Stock #7901). Here in one package is everything you need to expand any circle of track to a 4' x 8' double oval track layout, wired for 2-train operation (one train at a time with a single power pack). The Instruction Manual is included.
