LAYOUT EXPANDER

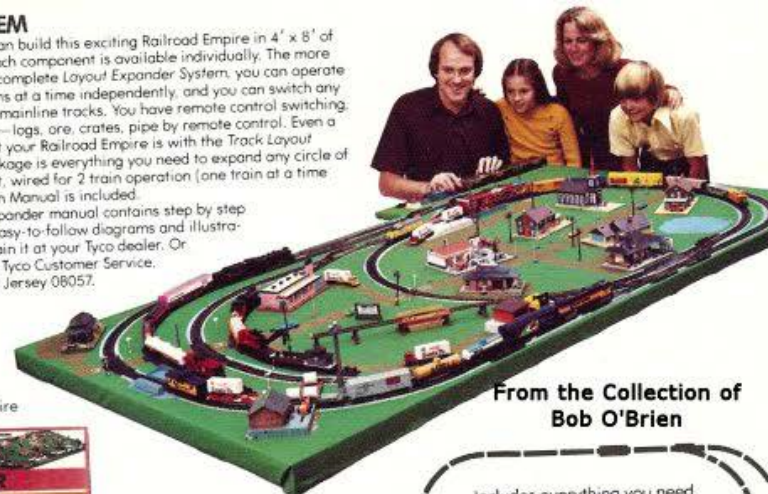

With Tyco's Layout Expander System you can build this exciting Railroad Empire in 4' x 8' of space—and you can do it in easy stages. Each component is available individually. The more you add the more fun you have. With the complete Layout Expander System, you can operate up to four trains. You can control two trains at a time independently, and you can switch any of the four trains among any of the three mainline tracks. You have remote control switching, blocking and uncoupling—unload freight—logs, ore, crates, pipe by remote control. Even a piggyback trailer. The easiest way to start your Railroad Empire is with the Track Layout Expander (Stock #7903). Here in one package is everything you need to expand any circle of track to a 4' x 8' double oval track layout, wired for 2 train operation (one train at a time with a single power pack). The instruction Manual is included.

32-page layout expander manual contains step by step instructions with easy-to-follow diagrams and illustrations. You can obtain it at your Tyco dealer. Or send one dollar to Tyco Customer Service, Moorestown, New Jersey 08057.
